## BANS STORAGE ON PIERS OF EXPLOSIVES IN CARS

Jersey City Order to Be Enforced Against All Railway Companies.

JERSEY CITY, N. J., August 2.—Agents of the city commissioners were sent today to the terminals of all railroads entering this city to put into effect an order adopted by the city commission yesterday placing a ban on the storage of ammunition in cars upon piers in this city and upon its shipment through this city to steamers going to Europe. This action was taken because of the great explosion of ammunition at Black Tom Island Sunday morning.

The order becomes effective tomorrow afternoon. All the railroads having terminals here have received notice to discontinue moving the war explosives through this city. The order directs that every freight train coming into Jersey City must be halted at the city line, where the conductor will be required to show his manifest, and if this reveals that any of the cars contain explosives these cars will be excluded.

Embargo on Shipments.

It was said today that the Lehigh Valley railroad and the Central Railroad of New Jersey, the chief shippers of the interdicted freight, had placed an embargo on further shipments of explosives. Officials of some of the other railroads threatened to obtain injunctions restraining the commissioners from barring explosives.

Two more bodies were found today floating in New York bay within a few miles of the scene of the explosion. One was identified as that of Capt. Cornelius Leyden, chief of the Lehigh Valley railroad police, previously reported missing.

## NOT CERTAIN THE AILMENT IS INFANTILE PARALYSIS

Health department officials today were unable to confirm the diagnosis of infantile paralysis in the case of the eight-year-old boy who was brought to Washington from Cherryside, Va., yesterday afternoon for treatment for the supposed disease.

However, the child will be isolated under the regulations which provide that when symptoms so resemble infantile paralysis they cannot be distinguished therefrom with reasonable certainty the patient shall be regarded as suffering from the disease.

## EPIDEMIC'S HEAVY TOLL.

Forty-One Deaths From Paralysis and 166 New Cases in a Day.

NEW YORK, August 2.—Forty-one children died and 166 were stricken in the greater city during the last twenty-four hours in the epidemic of infantile paralysis. The seat of the plague shifted to Manhattan borough today, and there were more deaths and new cases reported in that borough than at any previous time since the inception of the plague. Jersey City reported three more deaths and two cases and reports from other nearby cities indicated that the epidemic was far from being under control.

## SHOTS AGAIN ARE FIRED INTO CAMP ORDWAY

Colored Soldiers and Civilians Reported to Have Engaged in Skirmish Near Radio.

Camp Ordway last night was again stirred by civilians firing into the camp, and it is now probable that the civil authorities will take a hand. Burke this morning said that if the civil authorities did not check this dangerous practice the military authorities would be compelled to do so in order to protect the lives of the soldiers in camp.

About 9 o'clock last night shots were heard in the direction of Radio. Capt. E. W. Fullam, adjutant, 3d Infantry; Capt. T. Fawcett, officer of the day; Lieut. William J. Bacon, officer of the guard, and Lieut. Alfred G. Schmidt, Company D, followed by two members of the camp guard, rushed in the direction of the shots. All of the officers had automatic pistols loaded with ball ammunition, and the members of the guard had extra charges in the rifles.

The colored guard on the post at Radio station reported that there had been a skirmish between some members of the 1st Separate Battalion and residents of the colored section back of the camp at a little store just off the railroad.

However, nothing could be obtained from the hangers-on around the store, who were badly scared at the store, the gleaming rifles and drawn pistols in the dim light.

Placed Under Arrest, But Freed.

The officers and men then took station around a house which was suspected, but no more shots were heard. Several members of the 1st Separate Battalion who did the shooting. They were reported to have gone on a car returned they were put under arrest by Capt. Fawcett and taken immediately to the tent of Lieut. Col. Stephen Col. Stephen listened to the story of the prisoners and the 1st Separate Battalion, and then gave instructions to release the men and have the civil authorities informed.

Sheriff Burke came into camp today with the two men, and promised that he would attempt to break up the shooting practice. He said that he would obtain warrants for the arrest of several people in the settlement, and would attempt to close up some of the places where the shooting was occurring.

## ECZEMA ON SCALP HEAD WAS SO SORE

Could Scarcely Sleep. Began With Little Pimples Which Turned Into Eruptions. Could Not Comb Hair.

## HEALED BY CUTICURA SOAP AND OINTMENT

"I had eczema on my scalp and my head was so sore I could scarcely sleep. The eczema began with little pimples which later turned into sore eruptions and they inflamed my head and made it red. I could not comb my hair and it became dead and fell out in great quantities. It lasted about a month. Then my sister got Cuticura Soap and Ointment and after using them as directed I was healed. Now I have just as good a head of hair as anyone." (Signed) Miss Margaret M. Carpenter, 709 Highmarket St., Georgetown, S. C., Jan. 3, 1916.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card: "Cuticura, Dept. T, Boston." Sold throughout the world.
